- NO limitation as to who you can team up with or subcontract with.
- Allows all Ancillary Support Items like ancillary labor, materials, and Other Direct Costs (ODCs) to be included in a single task order – **TOTAL SOLUTION!**

Why Use OASIS SB

You have complete flexibility and total control

- All contract types, including hybrids and cost-reimbursement, and ODCs are allowed at the task order level.
- Insert your own specs (security requirements, custom labor categories).
- No GSA hurdles once a Contracting Officer (CO) has completed the 90-minute training and received their Delegation of Procurement Authority (DPA).
- Free support including NAICS Code, Pool and scope reviews and a pricing tool.
- Reserve task orders for exclusive competition among SB categories, including 8(a), EDWOSB, HUBZone, SDVOSB, and WOSB: An EDWOSB set-aside within Pool 1 will have five potential bidders, including Bowhead, all proven to be capable of performing the work.
